Jill Hotchkiss

My Bull Buyer
Wears Lipstick and
Other Random
February Thoughts
I've been thinking about this title
for a long time.
Each year as I am
entrusted by peo-

ple to bid on bulls for them, I also run into a few who don't want to "deal with a girl." That's okay. I'm used to it by now and the ones who are comfortable working with me far outweigh those who don't. For the most part it is very enjoyable and I've gotten to know some great people with whom I've had interesting conversations about cattle and other subjects over the years. Most people like my candidness when assessing cattle but I suppose there are some who want to only hear how perfect the bull is. We always hope they are perfect and I'd love to say each one is perfect but it just doesn't happen that way. A friend with more wisdom than I have once told me, "just remember, there is no such thing as a perfect bull," and it bears keeping that in mind. I'd rather mention the few imperfections so there aren't any surprises when a person receives his/her bull or heifer. So to those people who work with me and value my opinion, I say thank you. I am honored and it is a pleasure working with you.

This past month has seemed like a year due primarily to over two plus weeks of sub-zero temperatures which have blanketed a large portion of the country during which we've had a very full bull sale schedule. The minor discomfort of looking at

(continued from page 1)

cattle in -40 windchill weather pales in comparison to being in it every day trying to feed and calve. Many registered breeders started calving during this difficult weather and it's just made life miserable all the way around for a lot of people. Hats off to all of you who have weathered the storms. Ranch life, no matter, what you are doing at this time of year, just becomes pretty difficult with weather like we've had in February.

The big snow storms south of us in Texas, Oklahoma, Tennessee and other states, turned life on its head for thousands and the situation complicated itself with rolling blackouts, power and water outages. In visiting with Dimitri Mataragas of Iron Lake Ranch in Athens, Texas, he said the situation was not good but they finally got power back

Simple things like eating, having heat and water for people, water for cattle and being able to start your pickup come to a halt when you live in Texas and get South Dakota weather. We in the northern states are used to that kind of weather, and being pre-

This picture is from Austin Frank, in Absarokee, MT. He posted it on Facebook and said, "the past two weeks of weather has been a little rough for many of us calving. Wind, snow, below zero temps, and a 50 degree day yesterday with a flooded calving barn can try mine and Josh Shengle's nerves. But, at the end of the day, a shed full of healthy calves makes it all worth it. 9 months of anticipation to see the new genetics and current sleepless nights make it all worth it since it truly is our passion.

pared for loss of electricity and water especially in the Dakotas where we've had to survive without it before. It's certainly not pleasant and cattle water seems to become a Number 1 priority. We forget how well we are set up for it but how southern states just aren't. Now, in the Texas aftermath people are finding out their local utility companies would like to hike the prices for their power. Texas Gov. Greg Abbott said on

Feb. 21 that the state's utility regulators will temporarily ban power companies

from billing customers or disconnecting them for nonpayment. This was shortly after residents started to receive incredibly high power bills following the cold snap.

I can't imagine what kind of bills ranchers will get if city people were getting huge bills.

Hereford sales have been going incredibly well throughout the region with several breeders commanding prices over \$80,000 as of this writing. This is our bull sale coverage issue so as you read through the reports and see photos, you'll see just how well people have done.

Again congratulations to all of you who have survived February weather and had great sales on top of it! It's shaping up to be another year for the books.

Sale Results

National Hereford Sale Results

OKLAHOMA CITY — The display carousels were abuzz and a large crowd watched eagerly as the Hereford Night National Hereford Sale topped off activities on Saturday night, Jan. 9, at the 2021 Cattlemen's Congress in Oklahoma City. After the final strike of his gavel, auctioneer Joe Goggins sold 36.08 lots averaging \$17,385. The sale featured 10.08 bull lots averaging \$29,489, 10 female lots averaging \$9,425, seven bred females averaging \$15,036 and nine pick lots bringing in a \$14,611 average.

Topping the sale was Lot 16 consigned by Bar Star Cattle, Musselshell, MT, with Bar Star Fresh Prince 018 ET from the Reserve Champion Junior Bull Calf Pen-of-Three. This popular lot commanded a bid of \$107,500 and sold to Ye Ole McDonald Farm, Grand Rapids, MI. Thirty-three buyers claimed 33 semen packages.

Buck Cattle Co., Madill, OK, consigned Lot 29 with BK BH Fast Ball F102 ET. The CRR 719 Catapult 109 son sold for \$54,000 to Chapman Ranches LLC, Mannsville, Okla. In addition, 14 buyers claimed 14 semen packages for a total of \$14,000.

Nelson Hirsche Purebreds, Del Bonita, AB, consigned Lot X with a B&C Stock Option 6026D ET son, GH SO Blockbuster ET 170H. One-third interest was sold to Alberta's Dallas Farms, Stihl Farms and Johnson Farms for \$50,000.

Lot 12 — an NJW Long Haul 36E ET

daughter bred to BG LCC 11B Perfecto 84F — was consigned by Next Generation Genetics, Endeavor, WI. This female went to MGM Polled Herefords, Hartford, WI, for \$30,000.

Consignors Atkins Herefords, Tea, SD, and JDH Herefords, Lake Benton, MN, brought the top-selling open female to the sale ring. Selling as Lot 2, this daughter of H Montgomery 7437 ET went to Hoffman Herefords, Thedford, NE; Upstream Ranch, Taylor, NE; and Harrison Livestock, Montague, CA, for \$28,000.

Hoffman Herefords, Thedford, NE, received a \$30,000 bid for its Lot 6 Pick-of-Fall Heifer Calves. Jamie Moore, Piasa, IL, took home this pick.

After the final bids were tallied, 36.08 lots brought \$627,250 to double last year's gross sales. The American Hereford Association thanks Sam Eck and W-W Manufacturing, Thomas, OK, for supplying the sale ring, and the Cattlemen's Congress crew for setting a great sale arena and their second-to-none hospitality.

"A big thank-you goes out to the consignors for bringing an elite set of Hereford cattle and genetics to the national Hereford Night sale in OKC," says Joe Rickabaugh, AHA director of field management and seedstock marketing. "This sale sets a pace in the Hereford breed and the credit goes to the consignors year in and year out. We greatly appreciate the buyers and all the sale attendees who continue to support this event."

BETTER THAN THE LAST!

Outstanding seedstock production is only as good as the people behind the brand. Embracing technology, practicing the best in herd health and nutrition, and maintaining the discipline to expect genetic improvement calf crop after calf crop depends on the integrity of the people behind the brand. At Sandhill Farms, we stake our reputation on both! We hope you will join us Saturday, March 27, 2021.

Genetic improvement measured through the success of our commercial bull customers, like Brandon Roenbaugh, constantly remind us of the importance of unwavering discipline in our seedstock operation.

DE-HORNED, 2-YEAR-OLD HEREFORD BULLS FOR SALE

Asking \$2,200/head

These bulls are purebred, from a decades-old herd that has been carefully bred to ensure top qualities. They haven't been pushed, no creep or cake or grain. We have a particular emphasis on: easy calving, slow growth to ensure soundness and longevity, moderate frames, efficiency on pasture in all weather, gentle temperaments, maternal, good bags and eyes, pigmentation. Only bull calves from the best families are kept to be bulls.

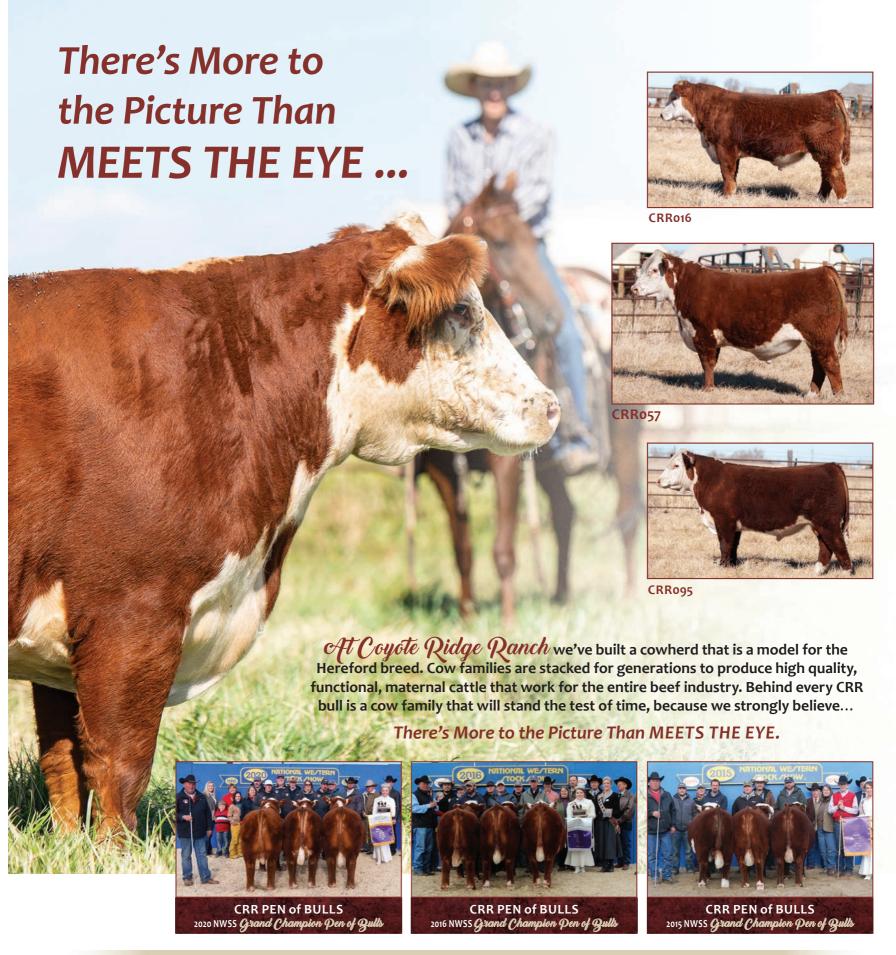

Picture taken right after recent -25 degree cold snap.

Valarie Burgamy Mead

Valarie Burgamy Mead, 46, passed away unexpectedly Tuesday, December 8th, 2020, in Midville, GA. She

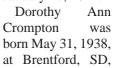

was born in Milledgeville and was the daughter of Tom Burgamy and the late Connie Bailey Burgamy. She was a resident of Burke County. She went to Edmund Burke Academy, graduating in 1992 as salutatorian. After graduation, she went to Georgia State College & University to pursue a degree in Biology followed with a second degree in Chemistry. She was a member of the American Hereford Association, the Midville Garden Club, and the treasurer of the Vidette United Methodist Church. Valarie worked at Star Choices in Macon for four years, where her caregiving nature excelled.

Later becoming a stay at home mom, she decided that selling Juice Plus might be fun. Already a health enthusiast, she quickly became a top seller and devoted customer. Was an integral part of Mead Cattle and enjoyed a new venture at McGraw Furniture. She had a great love for gardening & flowers, known well by all as a complete ray of sunshine. A loving mother to four children, family was always Valarie's number one priority. She could always see the good in everything and truly graced the lives of everyone she met. She was a faithful Christian who read three devotionals every day, without a doubt, she is getting her devotionals in person today.

Valarie was preceded in death by her mother, Connie Bailey Burgamy, her maternal grandparents, Jack and Lorrine Blount Bailey, her paternal grandparents, Luke and Betty Burgamy, her aunt, Bobbie Bailey Mobley, and her uncle, Mike Bailey. She is survived by her husband Tommy Mead; children, CW Walker IV, Katelyn Kennedy Walker, Jackson Bailey Walker, and Tommie Mead Jones (Skyler); father, Tom Burgamy (Wanda); brother, Luke Burgamy; uncles, Steve Bailey (Donna), and Larry Burgamy (Glenda), and niece Zadie Burgamy.

Dorothy Herman

Dorothy Herman, age 82, passed away peacefully in her home in Leola, SD, on Sunday, January 17, 2021.

to L.T. and Grace (LaBay) Crompton Waltman. As a small child, she grew up on the Crompton homestead five miles west of Wetonka. When she was about 8 years old, the family moved two miles north of Wetonka where she attended grade school. She graduated from Westport High School in 1956, where she was very active in school activities and was an honor roll student. In the 1990s, she assisted her mother in compiling a family history and recipe book where Dorothy was referred to as "Pa's Little Helper." Dorothy always liked to go along with her dad and when she was old enough to drive, she worked in the field with him. She had many fond memories of her life at Wetonka.

Following graduation, she was employed at the McPherson County Extension office in Leola. On May 30, 1958, she married Gerald Hoffman and they made their home on the Hoffman ranch west of Leola. Gerald and Dorothy raised 3 children while expanding their registered Hereford business that took them to many states and foreign countries. Most family vacations included a Hereford sale or ranch visit to view cattle and meet and make new friends. Dorothy was a crucial part of the ranching business with her meticulous bookkeeping skills and involvement in the American Hereford and South Dakota Hereford Associations. She was also active with the Circle L Cattlewomen group in Leola for many years. She enjoyed gardening, sewing, and preparing meals for hungry hired hands and special guests. For fun, she and Gerald could be found square dancing!

After the death of her husband in 2004, she took on a supportive role in the ranch management and transitioned

(continued from page 28)

the ranch to her son, Colin, and his wife, Mary Beth. After a few years, she moved to Leola where she became active with the Senior Citizen group and enjoyed entertaining guests and grand-children.

On October 13, 2012, she married Fred Herman Jr. and together they enjoyed each other's company while attending church, shopping and social events. Looking forward to "whose birthday is next" and getting together at the farm for "birthday parties" with plenty of cake and ice cream was always a good time.

Dorothy had an unwavering Christian faith that was the cornerstone of her life as she spent many hours daily reading her Bible and praying. She taught Sunday school and 7th grade confirmation for many years at St. James Lutheran in Leola. She loved to study the Bible, take sermon notes and wrote many of her own Bible stud-

ies. Her church family, whether at St. James, Praise Family Fellowship, or Freedom Church, was something she held dear to her heart.

Grateful for having shared in her life are her husband, Fred Herman, Jr., Leola; her children, Jerome (Charlene) Hoffman, Brooklyn Park, MN, Joan (Steve) Crombie, Faribault, MN, Colin (Mary Beth) Hoffman, Leola, SD; stepchildren, Kim Herman, Lake of the Ozarks, MO, Michelle (Scott) Hinkle, St. Louis, MO, Todd Herman (Susan), Troy, IL; 3 exchange daughters, Cristiane Mello, Sao Palo, Brazil, Stephany Pons Bessone, Marseille, France, and Dasha Zhagina, Ukraine; her brother, Leo Crompton, Aberdeen, SD, her sister, Kelli Waltman, Leola, SD; sistersin-law, Mary Ann Roehr, Britton, SD, Sue Crompton, Bothall, WA. Dorothy was blessed with 11 grandchildren, 12 great grandchildren, 7 step grandchildren and many nieces and nephews.

Dorothy was preceded in death by

husband, Gerald Hoffman; father L.T. Crompton; mother Grace (LaBay) Crompton Waltman; stepfather, Martin Waltman; parents-in-law, Emil and Elizabeth Hoffman; her brothers, Louis Crompton, Jackie Crompton, Tom Crompton; her sisters, Lucille Goodfellow, Mary Lou Kamm; brothers-in-law, George Goodfellow, Marvin Kamm, Richard Pitkin, Dennis Roehr, Elmer Kaul; sisters-in-law, Marcella Kaul, Norma Crompton, Viola Crompton; grandson, Stefan Hoffman.

Douglas Patrick Lawrence

Douglas Patrick Lawrence, 78, of Coon Rapids, MN passed away peace-

fully on Wednesday, January 20, 2021, at the ARK on the River in Anoka, MN. He was born October 5, 1942 at St. Mary's Hospital in Minne-

apolis to Ralph and Irene Lawrence. Douglas was infant baptized and confirmed in the Methodist Church and was Born Again and baptized as an adult at Fridley Assemblies of God Church. As a youth he was an active Boy Scout and achieved the Order of the the Arrow as well as a 4-H member. He graduated from Anoka High School in 1961 but spent the majority of his young life attending school in Columbia Heights. Following his schooling he worked at Independent Packing and for Rocket Oil, entering the Minnesota National Guard in 1964 and served for six years.

After completing basic training Douglas purchased Rocket Oil Company from his father in 1964 and started Rocket Turf Landscaping in 1967, growing Kentucky Blue Grass Sod in Anoka County.

Douglas and JoAnn were married in 1969 in Willmar, MN and settled in Coon Rapids where they operated their businesses until he retired in October of 2020. Douglas was an active supporter of the Republican Party and served as President of the Minnesota Turf Association and current President of the Anoka County Farm Bureau.

Douglas had many interests including home building, land development and raising Hereford cattle. His enjoyment of raising Hereford cattle gained many close friendships across the country and he has been honored many times for his support of the Junior Hereford Association both in Minnesota and nationally.

He received the American Junior Hereford Association Advisor of the Year Award in 1995, American Hereford Association 50 Year Golden Hereford Breeder Award 2009, Minnesota Farm Family of the Year 2010 and was inducted into the Minnesota Hereford Breeders 2020 Hall of Fame.

He was preceded in death by his father Ralph E. Lawrence, mother Irene E. Lawrence, and sister-in-law Kathy Lawrence. He is survived by his wife of 51 years JoAnn (Krueger) children Bryan (Marytina), Bradley (Brigitte) and Jason Viebrock and six grand-children, Montana (Leyton, fiance), Wyatt (Claire), Wade, Wynn, Dawson and Hutton, twin Brother Dennis and elder brother Richard (Sandra) many nieces and nephews.

Grady Sparks

While we will grieve with family and friends over his passing, we would like

to raise a Hallelujah that Grady Nolan Sparks is now home with the Lord and is excited to have all of us join him when our time on planet earth is done.

"Three." That

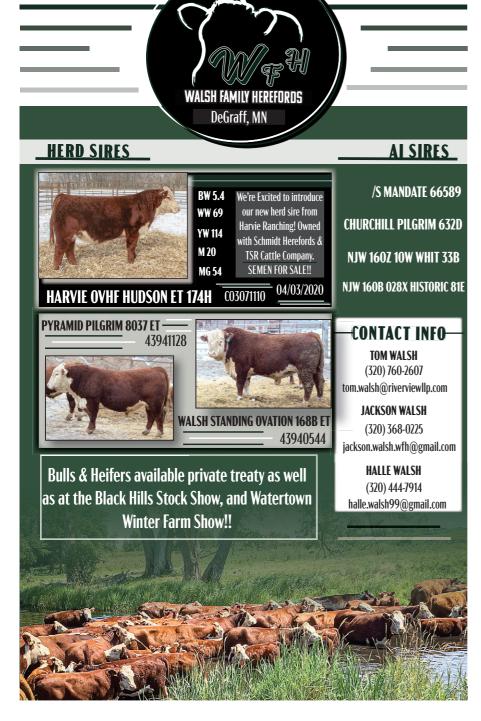

was Grady Nolan. He did not wait for One, Two. He was always ready to take on the next challenge. He started out in life a bricklayer, got his degree in Building Construction at Auburn University (one of the last things he said

versity (one of the last things he said was War Eagle) and quickly became a contractor/developer/cattleman. He loved to travel and see and explore new land. He could look at a piece of property and quickly envision how it could best be used for farming, hunting, development, or as a sanctuary. Truly insightful and creative, a visionary, he even took western art classes in Taos.

His interests ranged from coaching little league football to raising/training Bird Dogs for Field Trials to piloting American Tugs in Alaskan/Canadian waterways to recording gospel music. He obtained his multi engine pilots license and flew for business and pleasure. He raised champion Reining Horses, Cutting Horses, and Pleasure horses. He loved Hereford cattle. His introduction to Herefords began in the 1960s and maintained and developed one of the finest Hereford cattle herds in the nation. He would play bridge or tennis or pickleball with equal drive and determination. In fact, he travelled the country competing in major Bridge Championships, was a highly ranked southern section tennis player for over 20 years, and won back to back US Open Pickleball Championships rising to #5 in the world rankings. Grady Nolan often told us that he still holds the Walker County record for the mile run having run it in 5 minutes flat in 1956. Since high school track competitions switched to the metric system not long after that, this may be true.

Our point is this. Grady Nolan did not "dabble" in anything. He took on every new interest with the goal in mind of being the best he could be. He had a strong will, fierce determination and knew how to make things happen! He did this by meeting and listening

(continued from page 30)

and learning from others and eventually teaching others. He believed one should always be eager to learn, respectful of others, intentional with their efforts, realistic in setting their goals, and passionate about achieving them. This was not work for him. It was love.

And love is what he showed all family, friends, and strangers alike. He knew the love of Jesus and shared it with all he encountered either through counsel or song. We were at his bedside wondering why he was handling his failing health so much better than us. Grady Nolan was like the bricklayer before him, Nehemiah, who encouraged all around him by reminding them that "the joy of the Lord is my strength".

Hallelujah to the precious name of Jesus Christ for blessing us with Grady Nolan Sparks! Amen!

Walter J. Walsh

Walter J. Walsh, 98, of DeGraff, MN, died Saturday, January, 30th at Gabriel House in Murdock. Walter Joseph Walsh was born June 5, 1922, to Henry and Mary (Foley) Walsh in Murdock,

He grew up on the family farm where he started helping with chores at an early age. Walter attended country school near Murdock. Following

his schooling, Walt enlisted in the US Army where he honorably served for two years during WWII. After his honorable discharge he moved back to the farm where he continued working with his dad. On November 27, 1948, Walter was united in marriage to Catherine McCann. Walter and Catherine raised their family and worked together on the farm for 42 years. Walter was a

hard-working, Christian man who enjoyed farming his entire life.

He could be described as "a great man of few words and a lot of work." He loved spending time with his family, especially his grandchildren. He was proud to know that three grandchildren carried out his legacy of farming and ranching. He was a loving husband, dad and grandpa.

Walter is survived by his children: Charles (Kendra) Walsh, Thomas (Lisa) Walsh, Mary Kay (Mark) Frederickson and Louise Waterman; grandchildren: Nate (Jayna) Frederickson, Sarah (Shawn) Frederickson Tatman, Dustin (Bobbi) Walsh, Ben (Catie) Waterman, Katie (Nick) Waterman Lambert, Jackson Walsh, Halle Walsh and Mia Walsh; great-grandchildren: Teegan and Tiernan Frederickson, Peyton and Trygve Tatman, Olivia, Addy, Ella and Emmy Walsh, Ethan Waterman. Madi and Brooke Lambert: sister, Monica Osterbauer; and sisters-inlaw: Mary Walsh and Albie Walsh; and

many nieces and nephews.

He was preceded in death by his parents; step mother, Nora Walsh; wife, Catherine; son, James Walsh; greatgranddaughter, Brooklyn Walsh; sonin-law, Fran Waterman; siblings: Henry, Clarence and Jerome Walsh, Anna Scepaniak, Mary Fennell; brothers and sisters-in-law: Alice and Albert Grosso, Don and Mike McCann, Lowell Fennell, Veldon Osterbauer, Joe Scepaniak; father and mother in-law, Ed and Alice McCann; nieces, Susan Scepaniak Sanders, Diane Walsh Nolan; nephews, Steve, Max and Joe Osterbauer, Greg Walsh.

COW SENSE CHRONICLES by Rachel Endecott

Recipient Cow Selection and Management

Breeding season is approaching rapidly for spring-calving herds. If embryo transfer (ET) is a part of your operation, selection and management of your recipient cows is a critical aspect of your success that shouldn't be overlooked.

Most recommendations for recip cow selection suggest using 3- to 8-year-old cows with a good calving record. Cows with calves at side with no history of calving problems are good candidates for the recip herd. First-calf heifers are still trying to grow, make milk, and breed back so it may be a good choice to wait to include them in your recip group. Heifers can make good recipients provided that they've reached 65-70% of their mature body weight and are cycling; however, one must be cognizant of birth weight EPDs and realize that heifers will produce less milk than cows once the ET calf is on the ground. Recips who gain body condition reasonably quickly after calving and those with a calm temperament will probably be more successful in your program.

It's beyond the scope of this article to include any discussion of recip set up and synchronization protocols; you will want to lean on your ET practitioner for advice in this area. While reproductive technologies and synchronization protocols continue to advance and improve, there is no replacement for good management, whether we're talking about recips, donors, or the general cow herd. A solid nutrition program with vitamin and mineral supplementation is key. Get nutrient analyses completed each year on your feed ingredients and use them to balance a ration that is cost-effective but will allow the cows to meet your expectations for their performance in the recip pen. Similar analyses on water sources to determine sulfates, nitrates, and other dissolved solids is also recommended. Based on feed and water mineral content, obtain a mineral mix that will provide adequate macrominerals and trace minerals. While most minerals are necessary for optimal reproductive function, copper, manganese, and zinc are three critical

trace minerals that can have a profound impact on reproductive success. Depending on your location and soil type, selenium may be another trace mineral that could be lacking and should be included in your mineral mix. Inclusion of vitamins A, D, and E in your mineral mix is also a good strategy.

Keeping your recip herd on a similar plane of nutrition both before and after transfer is recommended to avoid any changes in the uterine environment that could result from an abrupt switch in diet. Should a transition to a different type of feed or pasture be necessary, a gradual transition over a period of a few weeks is preferable to an immediate one. Consult with your ET practitioner and veterinarian to make sure that your vaccination protocols and timing are appropriate to protect animals from disease but will not negatively interfere with the ET process.

Minimizing stress as much as possible around the time of transfer is good insurance. Keep the same group together to reduce fighting and pecking order squabbles. Avoid moving or hauling cattle if you can. If you do need to

transport them, most recommendations suggest doing so the first two days after transfer. Finally, communicate early and often with your

ET practitioner to find out their suggestions for best management practices for success.
